Don't know if any of you heard it...but just before Eddie signed off he said, "and you won't believe what the Legislature's doing. Here Lyda Green's trying to give \$200K to the Mat-Su Miners and their Board of Directors wrote her a letter saying they don't even need it! Its no WONDER Sarah Palin's holding these legislator's feet to the fire!"

Delicious.

Eddie...

Check this out. Here's money being thrown at a baseball team by a legislator out in the Mat-Valley, and the team doesn't even support the state giving them the \$200K.

The Legislature here is trying to make a big stink by throwing capital budget money into the supplemental (which isn't the place to put capital projects anyway), yet this recipient in particular doesn't even want the \$\$.

I spoke to Marty Metiva who is the President of the Board for Mat-Su Miners. He told me that they – the Board of Directors - do not support the \$200k request that is in the supplemental budget. He wrote a letter to that effect to Senator Green last night. I expect a copy. He said that certainly they would appreciate funding but \$200k is exorbitant; \$50k would be more in-line. He further stated that the board unanimously voted on this and any request to the contrary wasn't authorized. His comment, which I appreciated, is they only touch about 4,000 people which isn't worth \$200k...
