While boarding the flight last night, Rep. Gatto said to me in a very loud voice with several others standing there, does this state care about families and the military anymore? The Governor should just announce the time and let's just see who shows up.

Our kids often see things more clearly and get to the point quickly. I think we can learn from them. Thanks for sharing. Tom

Oh no. Last night Piper overheard me griping about Lyda's action - and she said: "Can you pull her hair?"
