Good morning Governor,

I received the request to develop this information last Thursday and I thought I did relay that it would take a bit of time to gather as we needed to find and retrieve old records. We do have the records now and have been compiling the information. We should be able to complete last and largest largest piece, Governor and Mrs. Murkowski's travel info, today. I'm hoping to email a spreadsheet with the various comparisons to you and the other folks later this afternoon.

I'm sorry this is taking a while to get to you.

Linda

How close are we to having the numbers showing #of days former Gov(s) spent out of Juneau compared to my travels/housing expenses? The public deserves clarity on this as the misperception is I'm "living and working" in the Valley. If, as Security and administrators tell me, Murk and Knowles also worked out of the Anchorage office and spent many, many days out of Juneau - then the fair comparison needs to be made and presented. The other missing point in the coverage of this issue is that the Anchorage office is the workplace.

When I requested this info a couple of weeks ago I wasn't sure who was heading it up - please let me

know as soon as possible who is and what the progress is. Thanks
