Steve,

You need to inquire with Stedman today re: his response to gov's press conference. He has put a hold on all governor's bills, and even pulled one off the calendar that was scheduled for a hearing--very mature and of course fantastic for Alaska. Did you know the governor's business licence fee reduction bill has been sitting on (S) FIN since May of 2007? You should call him on the carpet for these things. If you're not going to, let me know as someone needs to be very bold here.

Thanks,

Ivy

You rock. That's why Blockbuster's offering you one month of Blockbuster Total Access, No Cost.
