Kris – I gave this phone message to the Governor and she wanted to check to see if you knew this person. She does not know the name.

Chris Hunter – called on 10.23.07 – Mr. Hunter asked to have the Governor return his phone call. He says he is a good friend and has called the house but the Governor is never there. He said he spoke with Todd and Todd asked that he call Janice in the Juneau office to get an appointment. Mr. Hunter will not state why he wants to meet with his good friend. Only that he has been trying to get in touch. Apparently he owns his own business but would not state what it was.
