Subject: Windor Restoration Schedule

Hello Todd and Governor,

The contractor needed to revise the original schedule submitted, so I've attached the new one. Please let me know if you'd like to make any changes, or I'll assume that it's fine as *is*. I've already sent a copy to Kari.

I don't foresee any complications with this project, but my goal is to keep the contractor working through and around as many events or family visits as possible- just to provide a buffer zone in case we do run into any issues. The contractors are aware that your schedule does determine their work schedule, **so it isn't a problem** if you need to make any requests.

Thank you,
Erika
