Subject: HB 106 Studded Tire Repeal

Jerry,

Can you submit a formal hearing request to Suzanne in Rep Meyer's office to hear HB 106? I recognize that the bill has already been scheduled; however, House Finance has requested a hearing request and back-up information. I had language drafted from February when we weren't sure if Admin was going to submit a fiscal note or not. Obviously, Revenue is carrying the ball on this one now; however, I have pasted language into this email that you can copy into a hearing request to get to Rep Meyer today.

Ivy

April 4, 2008

The Honorable Kevin Meyer

Co- Chairman, House Finance Committee

State Capitol, Room 515

Juneau, AK 99801

Dear Representative Meyer:

I am writing to request you schedule House Bill 106, An Act repealing fees imposed on the sale of new tires, the sale of certain studded tires, and the installation of certain metal studs on tires; and providing for an effective date at your earliest convenience. House Bill 106 would repeal fees imposed on the sale of new tires, the sale of certain studded tires, and the installation of certain metal studs on tires.

Current law imposes a fee of \$2.50 a tire on the retail sale of new tires for motor vehicles designed for use on a highway. Current law also imposes an additional fee of \$5.00 a tire on the retail sale of new tires that are studded with metal studs weighing more than 1.1 grams each on the installation of such metal studs on tires. Families in Alaska should not be financially penalized by purchasing safer tires for their vehicles.
