Subject: RE: TA for Fairbanks 3/6

Hello Todd,

Hope fishing in Dillingham is going well and you're enjoying your summer! I just have a few things to ask you and a couple of FYIs to fill you in on.

Mail:

Would you like me to open the mail addressed to you that looks like it's *First Gentleman* stuff and process things like the recipe request, etc... And just send you the mail that looks like it's personal or something that you'd want? I could send you a copy of what I process, so that you're in the loop- Whatever you think works is just fine with me. I've been collecting the mail and the mail room is sending it over to Anch. once a week- hopefully that's working out okay.

TAs

I went over the information you sent with the travel gal, Mary Lou, to make sure I wasn't missing any TAs for you. I'll send you the completed ones for your signature. **IF** any corrections need to be made just let me know- as they're still a *work in progress* until they're signed with your approval. I'll put them in a self-addressed envelope and you can either drop them in the mail or at the Anch. office (state system). Also send over any receipts or boarding passes that you might have.

When you (or the kids) travel over 50miles and are gone for more then 12hours- then a TA is created for that trip. Mile allowance: for personal vehicles- your reimbursement is based on mileage; for state vehicles- there's no reimbursement, as state credit card is used (save fuel receipts for reimbursement when pd. out-of-pocket). I do need to know your mileage though because when the 50mi. and 12 hr. combo takes place you are eligible for per diems.

Let me know what time you depart and return for these events/functions, as well as who is requesting your attendance (whether it's the Governor or a particular group, etc...). This will help me make sure that you're receiving ALL of the per diems and compensation that you're due. I hope this makes sense and isn't too big of a hassle. Thanks for the last schedule update!

MISC

We'll be changing the pass code for the House sometime, so I'll need a 4 digit code- but no hurry. It's a construction zone here, with all of the work being done on the windows. It's good to see progress! The dining room burgandy curtains are really faded. Would you mind if next month I start looking into replacement options? I'm thinking (hoping) that by August I might have my archiving almost done and hopefully this window project will be wrapping up- so I could start focusing on some interior work...

I think that's it for now. Let me know if you need anything. Tell the kids HI for me and that I miss them!!

Take care,

Erika
