Hello Todd,

I don't think you've ever used the *state email account* that was set up for you. If you would like to keep it for future use, just let me know. They are in the process of transitioning to a new mail system and would need to reset your password.

Thanks!  
Erika

Erika, we setup a Governor's office email account for Todd Palin when Governor Palin took office. I don't know whether he has made use of it. If he uses this account or ever intends to, I need to transition it to the new Exchange mail system and I will need to reset his pw.

Do you know or can you find out if he uses this account?
