Subject: Fagan mentioned my letter on his show today

My phone has been ringing off the hook w/ people telling me to listen. I'm not sure what he said but I know he read my letter on air. I love it!

Shape up or shut up

Dan Fagan is the Don Imus of Alaska! He should be ashamed of himself for referring to Gov. Sarah Palin and members of her administration as "crack whores running to their sugar daddy."

The fact of the matter is, if Palin were a man chauvinists like Fagan wouldn't have a platform to stand on. I can't recall one time Fagan referred to any of our former governors, or any other state leader for that matter, with such a degrading, disparaging remark.

Alaskans are sick of his personal attacks on strong, intelligent women leaders in our state. Objective policy debate is welcome all day long, but I refuse to sit idly by as Fagan resorts to personally attacking Alaska's governor and other women leaders with his sexist comments that have no bearing on good public policy. Fagan should stick to the issues or shut up!
