### MESSAGE:

Dear Governor--I am presently vacationing in Mexico with my 45 year old Sister who has Downs Syndrome. When I heard that you were blessed with a special child like our Mary I just had to write. When Mary was born we were devastated and in those days they immediately took all these children to institutions and hid them away. Our Doctor said we should do the same. Instead--our Family kept Mary and she has been the best thing that ever happened to our Family. She is the purest soul I know and is also the most fun person on the planet. All my Children and Grandchildren became better people and developed kinder and more understanding spirits by growing up with Mary. My Father was a Minister in California and she has friends all over the state from every church he pastored. The public life that required only helped her develop into a more wonderful woman who impacted untold numbers of people. What an honor has been bestowed upon your Family and how lucky for this little boy to have you as his Family. All of us in Alaska will benefit from watching him grow up. Thank you for your service to all of us--and Thank you to your Family for sharing you with us.

With Love and Blessing for you all--

Sandy Allen
