I heard that one member has been considering it but I don't think there has been an active effort to get the board members to call a special meeting yet. If the idea is presented to the BOG, there may be the support to call a joint board meeting. There is also a statewide BOG meeting in January and although there is not a proposal yet from the Dept. or Ahtna dealing with the income test, it is possible that something may come in prior to the November deadline to submit proposals.

Mike,

I heard a rumor today that the BOG is calling a special meeting to have another vote on the non-subsistence unit 13 hunting area, is this true.

Todd
