Todd,

I'll let them know and see what their time frame is for the PSA.

Tomorrow I have a meeting with the contractors, engineers and project managers for the second phase of the plumbing project. I requested this meeting so they would give us a schedule and we'd know the impact to the House this summer. I'll send you the information so you and the Governor can have input for the proposed schedules.

Thanks,

Erika

I'm busy with Iron Dog stuff during those dates, they may need to find someone else

Thanks

Subject: FW: Alaska Trails - ATV Safety Project

Hi Todd,

How would you like me to handle the PSA for the Alaska Trails ATV Safety Project? They asked if you were available the week of January 28-February 1st. I hadn't heard back from you in regards to the dates, so was checking to see if you had spoken directly to them.

PSA INFORMATION:

One day film shoot- Best dates available for filming are January 28th, 29th, February 5th or 6th.

* Big Lake or Wasilla would be great for filming. If there is a particular place that Todd will be or recommends, please let us know.

* Is there a friend / racing partner that would like to be in the shoot as well? Family members are most welcome, as well. If Governor Palin or the kids wanted to be in one scene, they could be written into the script. It's Todd's choice.

Thanks,

Erika

Hi Erika-

I met with the creative director & production manager today of the film crew for the PSA. I wanted to share some information and questions they passed to me.

* It still will only be a one day film shoot. Best dates available for filming are January 28th, 29th, February 5th or 6th.

* Big Lake or Wasilla would be great for filming. If there is a particular place that Todd will be or recommends, please let us know.

* Is there a friend / racing partner that would like to be in the shoot as well? Family members are most welcome, as well. If Governor Palin or the kids wanted to be in one scene, they could be written into the script. It's Todd's choice.

Thank you!

Hello Jillian,

I have emailed the second set of dates to Mr. Palin and I'm sure that I'll hear back from him when he returns, as he is currently traveling outside the state.

Don't hesitate to call or email if you'd like to follow up on this; it's not a bother.

Thank you,

Erika

Of course - the race starts the 10th.

Is he available the week of January 28-February 1?

Erika-

The PSA will be shot outside, to account for this and hope for good weather and light we are blocking out

one week, but the filming would only take one day. To maximize daylight hours, we are focusing on the week of February 6-13.

Please let me know his availability and flexibility in this timeframe.

Thank you.

Hello Jillian,

Mr. Palin is interested in serving as a spokesperson. Please let me know how we should proceed to coordinate the P.S.A. and what this entails.

Thank you so much.

Best regards,

Erika

Subject: Alaska Trails - ATV Safety Project

Ms. Fagerstrom,

I am writing today to seek assistance from Todd Palin to aid us in our mission of safer ATV riding for

young Alaskans. Alaska Trails, in partnership with the Bureau of Land Management and National Park Service, is responsible for creating ATV safety training for young people in Alaska. Our vision is to have Mr. Palin be a spokesman for responsible riding and wearing a helmet in a brief public service announcement for TV and/or radio. Mr. Palin is seen as a champion and his positive image could help us carry forth our mission and reach a wider audience.

Thank you for your assistance. I look forward to your reply.

Sincerely,

Jillian L. Morrissey
