Hi Todd,

This isn't anything definitive unfortunately on GC Insurance for Showers. I will call him tomorrow and follow up though.

Frank – there is no list of providers who actually would be willing to write insurance for Mr. Showers. The Division of Insurance web site has lists of insurance companies, but this is no list of those who specifically write contractors. Mr. Showers needs to contact insurance agents who can help him find an insurance company who writes the particular types of business he conducts. There are very few companies today who are willing to write small contractors, especially small generals who tend to be “paper contractors”. Due to litigation over construction default and the length of statutes of limitation, Alaska (and most of the western states) are not markets that are particularly attractive today. A good agent should be able to help him find a company – but he also needs to be aware that this is fairly expensive.

Hi Ladies,

Could you help me help the Gov's office with the issue outlined in Frank Bailey's request?

Thank you in advance for your help.

Joe

Hi Joe!

**ROSTON 01117**

10/15/2009

Was hoping you could point me in the right direction with Rick Urion out of commission. There is a gentleman by the name of Don Showers who is trying to get insured (as required) for his General Contractor License. Is there a list of providers somewhere in the State? He's trying to be in compliance, lives in the valley, and can't seem to find viable insurers to insure him.

Do you have any idea who could help research this?

Thanks so much man.

F
