MESSAGE:

Dear Governor Palin:

I recently read a news item about your new baby and your challenges as governor. We have a new, unique educational/organizational/therapeudical software program (a tool we have named "My Knowledge Repository") which MIGHT be able to help you all with both issues, that we would like to provide to you at no cost.

If something like this is of interest, please let me know and I will forward you a description of it, and my ideas of how the "Repository" might be of assistance to you.

Kind regards,

Bill Ziminsky

Senior Software Consultant
