Subject: meyer follow-up

As I've conveyed to Meyer's staff, I'm more than happy to write "I commend Rep Meyer for scheduling studded tire and CON" IF in fact he does hear them. Feel free to convey this to Meyer too personally when you meet w him today--that my op-ed in its current state is NOT negative and I'm willing to amend to pat him on the back if he schedules your bills.

I'm more than happy to just ding Stedman--since the capital budget is going over there anyway he can't hold that over our head.

You rock. That's why Blockbuster's offering you one month of Blockbuster Total Access, No Cost.
