MESSAGE:

I would like to put my two cents worth in and say that I (we) am proud of you and hope that you choose to stay our Governor and help build the Gas pipeline and other key projects. I believe that you belong in Washington at a later date, and would work for and support you getting there, However I feel that you are needed here in Alaska at this point, and a second term. You have such pride in Alaska and bring so much to the table that is needed in today's cloudy polical world. Your sponk and knowledge can and will help Alaska and Alaska's people for years to come. All you have to do is take a good look at Wasilla today, and know that you can do the same for Alaska. When you were mayor, I talked to you about running for Governor and hoped that you would, knowing that you had so much to offer Alaska. I encourage you to run for a Washington job, but after you take Alaska to a point that you can better help from Washington. Congrats on Baby and take time to take care of yourself. Betty Carr
